BEHIND THE SCENES

The Leadership Team that iClub BIZ has established to run iCBeducator has over 100 years of experience.

JEFF EVERS

iClub BIZ CEO / iCBeducator Founder

Over the last 4 decades, Jeff has owned and operated several successful business that range from brick and mortar retail stores, to a practice management company, to a large direct selling company that markets around the globe.

DR. MARTIN ZIZI

iCBeducator Director of Marketing

Dr. Zizi's unique skill set of being a psychologist and an entrepreneur has allowed him the insight to create an organization designed to help folks strive to become their best through instruction and empowerment.

MARK HAMLIN

iCBeducator Corporate Trainer

Mark is a long time entrepreneur who has owned and managed multiple businesses. He has assisted well over 200,000 people to succeed in their own careers. Mark is also an accomplished speaker, who enjoys helping people create win/win solutions.

ALBERT TORRES

iCBeducator Educational Trainer

Albert Torres has been very successful in both mentoring and supporting team growth. He is passionate about helping people to engage with quality financial products to transform their own economic lives.

iClubBIZ

When iClub BIZ announced that they were adding a "Top Tier" Educational Program that teaches people how to trade stocks to the iCBeducator™, I was not too excited about it. But after sitting through Panther's live class and watching his videos... Now, I cannot see a reason why anyone would not purchase the Panther Classes.

Jeff Evers, Independent Business Owner.

Fast performance is not necessarily indicative of future results. The Equities, Options, Commodities, and Crypto Currency markets carry a high level of risk that may not be suitable for everyone. Leveraged market positions in particular create additional risk and potential loss exposure. Before you decide to engage further with this website and its products and services, please educate yourself and then carefully consider your objectives, experience level, and risk tolerance. You could lose some or all of your capital. Do not place funds that you cannot afford to lose. Risk capital is money that can be lost without jeopardizing one's financial security or lifestyle. I understand there are many risk factors such as significant volatility, execution slippage, human errors, brokerage/exchange execution and connection issues, key software accuracy and functionality issues, potential hacking, internet connection and/or latency issues etc., as well as other potentially unknown variables that can have a significant impact on overall results. Further, I understand and acknowledge that through the Catalyst.DC educational software platform, I will be sent ongoing educational information. I realize that after I receive this information, I will then be in full control of how I choose to make use of it. I also understand that I alone am the final arbiter of any activity that happens in my account. Without my pre-approved execution and risk settings/parameters already in place, no account activity will happen. I also understand that through the Catalyst.DC software, I'm the only one who can both pre-approve and subsequently execute any type of execution activity and/or strategy in my account. As a result, I fully indemnify Dentalium Capital, and accept as my sole responsibility, any losses or gains that may occur due to my use of any software or information from or which originated from the Dentalium Capital website and/or Catalyst.DC software. I also understand and agree that as a result of the specific architecture of the Catalyst.DC educational software platform, I am the one who is in complete control of how I both receive and engage with my received information. I am aware that I alone control all of my account execution settings, and that through the Catalyst.DC software I can: 1) access multiple asset classes 2) close all open positions, 3) close out individual positions, 4) choose which instruments to engage or not to engage with, and 5) adjust my risk settings if I choose. I also understand and agree that the Catalyst.DC software has built in maximum account drawdown settings, that may or may not be triggered in the event of significant volatility and drawdowns and the Catalyst.DC drawdown settings that are in place at that time. I understand that this is part of a broader risk management strategy and I agree to hold harmless Dentalium Capital and any and all of its corporate officers, sales leaders, and technology and/or marketing partners etc., for any losses experienced as a result of any maximum drawdown setting consequences.

I also understand that Product and Service results can vary due to many reasons, such as differences in a brokerage or exchange's execution policies and capabilities, latency, or connection issues. We recommend that you seek advice from an independent financial or tax advisor if you have additional questions or concerns. By using this website and/or its services, you agree that Dentalium Capital, its corporate officers and/or strategic sales, technology and marketing partners will not be held responsible for the accuracy or delivery of any information available on or through this website. The information however is provided in good faith and is believed to be both appropriate and accurate. Dentalium Capital and their corporate officers and/or strategic partners shall in no event be liable for any damages and/or losses resulting from the use of any of this website's information, products, services or software, or any of those websites that we link to. Additionally, I understand and agree that Dentalium Capital simply delivers educational information in a leased subscription fee format. And that by design, the client is always the final arbiter of any account activity that happens. No executions will occur without the client's explicit pre-approval and consent. I further agree not to hold Dentalium Capital etc. liable for any actions or account executions that I may make based on any information, education, online training lessons, and/or any software that I may have obtained, purchased or leased through this website, or any websites or strategic partners that we may link to. I recognize that with any Dentalium Capital product or service, no future performance projections or any guarantees of any kind can be made. Furthermore, I agree to only purchase or lease Dentalium Capital products and services if the governing laws of my local and/or relevant jurisdiction allow their purchase and use. If my governing laws do not allow the use, purchase or lease of these products and/or software services, I agree to cease any further interaction with this website and not purchase or continue with any of its offered products and/or services. I understand the information, education, and/or software delivered or leased herein is intended to be used solely for educational and/or informational purposes by the purchasing customer themselves, and does not constitute an offer to sell or a solicitation of an offer to purchase, any financial instrument, security, equity, option, commodity futures contract, cryptocurrency, or commodity-related product. Dentalium Capital's monthly subscription fee model and the lease of its products and services are designed and intended for the purchaser's sole use only. No copying, streaming, sharing and/or reselling of this website's information and its various products and services, or any of those we link to, is allowed. Violations of this nature will be pursued vigorously and to the fullest extent of the law. If you do not agree with all of the above Dentalium Capital.
